A Message from the
Vice President Robin Heyser

The East Berlin Area Community Center is at a crucial time is our future. *Kimmel-Bogrette Architecture + Site* are at the final steps to complete the structure and overall look of Project 22. EBACC is also reviewing the *Ballard-King* recommendations in the first report based on the Site Study. *Ballard-King* assesses the needs for our communities, completes market studies and economic impact projections, projects staffing levels and reviews the *Kimmel Bogrette* Site Study and Design recommendations. *Ballard-King* also provides a financial analysis/budget which includes operational costs and revenues. This information will equip EBACC to be successful when creating a plan to move forward in this new venture.

This has been a very detail-oriented process with key EBACC volunteers, staff and board members working hard to make sure our community will benefit and thrive for decades to come. The research and realistic approach to Project 22 now is what we believe will provide EBACC the essential information that will ensure our success.

The East Berlin Area Community Center will continue to pursue EBACC's Mission to "Enhance the quality of life in our community through recreational activities and classes fostering personal growth".

Please feel free to contact me with interest in helping with "Project 22" or any additional information or questions at 443-995-4283 or email me at r.heyser@ebacc.org. Thank you for your support of the East Berlin Area Community Center.

Client TESTIMONIAL

“Polly Lewis is an excellent communicator and a proactive work ethic realtor, any issues that arose she had an answer and a solution in place immediately. I had zero issues with our whole transaction in selling the house in record time. She understands all issues with empathy and compassion. I would recommend Polly at the highest level possible as a realtor and also as an absolute pleasure to work with.”

It's about the people...

"Of course, we moved to Cross Keys Village for the lifestyle, the services, the pool, the art classes, and the view of the woods behind our cottage. But now that we've been here a while, what we value above all is the abundance of rich human relationships, the opportunities for conversation, and hearing about our neighbors' life experiences. No matter where you come from, or what you've lived through, there's a sense of acceptance here that continues to surprise us daily."

Call us today at 717-624-5350 to schedule a discovery conversation.
